Welcome 6,000 freshmen downtown

The City of San Marcos is hosting an interactive event, Friday, August 21, from 3-6pm, in downtown San Marcos. Introduce your business to 6,000 incoming Texas State University freshmen! Here's how to be involved:

- Be a stop on the QR scavenger hunt, where students will come to your business and scan a large QR code to enter to win prizes.
- Contribute a door prize or gift certificate.
- Set up a booth on the Square during the block party to advertise (no commerce at the event). Free for downtown businesses!

The Main Street Program is also seeking food vendors willing to pass out samples or coupons.

To participate, notify the Main Street program via [email](#) or call 512-393-8430. The event is sponsored by the City of San Marcos Main Street Program, Keep San Marcos Beautiful and Community Services.

San Marcos Main Street Program to host Texas Main Street Summer Training

In August 2015, the San Marcos Main Street Program will host more than 100 Main Street Program professionals from across the state for its annual training. This is a time to showcase the best of our downtown community, and we're asking for downtown business owners to get involved.

To donate/sponsor breakfast or to be on the planning committee, [contact](#) or come by the Main Street office (317 N. LBJ Dr.)

42ND St. Production and Price Senior

Center seeking volunteers

Lee Coleé Studios' Musical Theatre Boot Camp is seeking volunteers to assist with their upcoming production of the classic Broadway Musical "42nd Street."

Coleé is seeking assistance to run two spotlights for nine performances slated to take place at the Price Center June 19 – 28nd.

"Volunteers need not have experience," said Coleé. "A positive attitude and time to commit to the rehearsals and performances is all that is required." If you would like to volunteer, please call (512) 847-7934 or email Coleé at lee@atnip.net

Geographic Study on the Value of the San Marcos River

Downtown store owners are a specific stakeholder group that need to be represented in the study. The study is an opportunity for individuals and

stakeholder groups to voice their opinions equally.

"This study being conducted by the Department of Geography is designed to measure how all people use and value the San Marcos River. While much is known and studied about the biology, hydrology, and physical characteristics of the San Marcos River, no comprehensive study has been conducted to assess how people use the river and what they value most about the river and San Marcos in general."

"This survey should take about **15 minutes** to complete. All survey responses are confidential and remain anonymous, and can in no way be linked to the respondent's identity. After completing the survey you may register for a drawing to win 1 of 10, \$100 cash gift cards."
